Advantage of Annuities

Tax-Deferred Accumulation*

Under current federal tax law, you pay no taxes on your earnings until you draw on your annuity, which can help your money grow faster than a taxable account.

Flexible Income Options

Upon maturity of your Select Choice Plus Annuity, you can choose to receive income payments:

- Throughout your lifetime
- Or a designated period of time

Avoid Probate

If you are the owner and die before the maturity date, your named beneficiaries will receive the full contract value, with no withdrawal charges (or MVA, if applicable), typically without the delay and expense associated with probate. Special rules apply if your spouse is co-owner.

Access to Your Money**

You have access to all or part of your accumulated annuity value at any time. Withdrawals made during the withdrawal charge period are subject to withdrawal charges (and MVA, if applicable). The withdrawal charge period will match the length of the Initial Interest Rate Guarantee Period chosen.
