Athene **MYG**SM

A Multi-Year Guarantee Annuity

Driven to do more.  **ATHENE**

Why choose an annuity?

Annuities provide insurance against the risk that you'll outlive your money after you retire. They give you the potential to grow your assets and create a guaranteed stream of income you can't outlive.

Choose a fixed annuity from Athene Annuity & Life Assurance Company of New York and you can expect:

Accumulation and income.

Whether you're looking for accumulation, income or a combination of both, Athene can provide the appropriate fixed annuity solution to address your needs.

Your money will work harder.

We do one thing and we do it well - fixed annuities that offer the potential for performance.

Financial strength you can rely on.

With a long history of stability and disciplined risk management, our solid financial foundation provides security and inspires confidence.

An Athene MYG annuity may be right for you if you want ...

Dependable interest growth.

Your Initial Premium will earn a guaranteed fixed rate of interest for a Term Period you choose. Athene MYG offers multiple Term Periods. Additional premiums earn interest at a rate that is set annually and will meet or exceed a guaranteed minimum.

The power of tax deferral.

Annuities provide the advantage of tax-deferred interest accumulation. You don't pay taxes on any growth until you withdraw money.¹

Access to your money.

Each Contract Year during the Term Period, you can withdraw up to 10 percent of the money in your annuity without penalty. Once the Withdrawal Charge period is over, you can access the full value of your annuity at any time.

Income you can't outlive.

At the maturity date, you can choose to convert your annuity into a guaranteed stream of income.

A legacy for your loved ones.

Your annuity can offer your loved ones a quick source of funds to help settle matters after your death.²

¹Current law already provides tax deferral to IRAs, so there is no additional tax benefit obtained by funding an IRA with an annuity. Consider the other benefits provided by an annuity, such as lifetime income and a Death Benefit. Any distributions may be subject to ordinary income tax and, if taken prior to age 59½, an additional 10% federal tax.

²After annuitization, payments will be consistent with the settlement option selected. Taxes may apply.

Building your retirement assets with Athene MYG

Choose how much you want to contribute.

You can purchase an Athene MYG annuity with an Initial Premium of \$5,000 – \$1 million. Higher amounts require company approval.

After you purchase your annuity you can continue to add money to it. Additional Premium amounts must be at least \$1,000, and not more than \$10,000 annually. Additional Premium amounts are also subject to a Maximum Total Premium of \$1 million.

Select your Term Period.

With an Athene MYG annuity you can select the Term Period that best fits your objectives. Choose from three, five or seven-year guarantee terms. Your annuity includes a Withdrawal Charge period equal to the term period. Find out more about Withdrawal Charges on page 6 of this brochure.

Your interest rates are guaranteed.

Interest is credited to your annuity using one of two interest crediting strategies. A Multi-Year Fixed Strategy is used to credit interest to the Initial Premium that you used to purchase your annuity. The Interest Rate for this strategy is guaranteed for the Term Period you chose.

A 1-Year Fixed Strategy is used to credit interest to any Additional Premium. The Initial Interest Rate for this strategy is set when you purchase your annuity and is guaranteed for one year. We will declare a Renewal Interest Rate on each Contract Anniversary for the next Contract Year. This rate may vary each year, but it will always equal or exceed the Minimum Guaranteed Interest Rate provided in your contract.

At the end of the Term Period the Multi-Year Strategy Value will be transferred to the 1-Year Fixed Strategy. At this point, your annuity's full Accumulated Value will be available to you without Withdrawal Charges.

Your money is protected.

Your premium earns a guaranteed rate of interest, regardless of what happens to the stock market, and this is because the policy does not directly participate in any stock or equity investments. As long as you keep your annuity for the Withdrawal Charge period, your principal and the interest you earn are guaranteed. Early withdrawals, however, may result in loss of principal and credited interest due to withdrawal charges.

Access to your money when you need it most

Free Withdrawals¹

Athene MYG annuities provide annual Free Withdrawal privileges beginning in the first Contract Year. Each Contract Year, you can withdraw up to 10% of your annuity's Accumulated Value (as of the most recent Contract Anniversary) without incurring a Withdrawal Charge.

Required minimum distributions (RMDs) are IRS mandatory withdrawals from tax-qualified contracts such as IRAs. They are required of anyone over age 70½. With Athene MYG annuities, RMDs are considered part of your annual Free Withdrawal, even if they exceed your Free Withdrawal amount.

Confinement Waiver²

After the first Contract Year, you can withdraw up to 100% of your annuity's Accumulated Value if you've been confined to a Qualified Care Facility for at least 60 consecutive days and meet the eligibility requirements. You cannot be confined at the time the contract is issued and confinement must begin at least one year after the Contract Date. No Withdrawal Charge will apply if you qualify for this benefit.

Terminal Illness Waiver²

You can withdraw up to 100% of your annuity's Accumulated Value if you're diagnosed with a Terminal Illness that is expected to result in death within one year and you meet the eligibility requirements. This waiver is available after your first Contract Anniversary. You may not be diagnosed during the first Contract Year. No Withdrawal Charge will apply if you qualify for this benefit.

¹Withdrawals and surrender may be subject to federal and state income tax and, except under certain circumstances, will be subject to an IRS penalty if taken prior to age 59½. Withdrawals in excess of the free amount are subject to a Withdrawal Charge, which may result in the loss of principal.

²Additional limitations, variations and exclusions may apply. Please see the Certificate of Disclosure for more information.

Receiving income from your annuity

In addition to periodic or Free Withdrawals, Athene MYG provides you with several ways to receive guaranteed income from your annuity.

Annuity Payout Options

You can begin receiving guaranteed income from your annuity once it matures (on the Annuity Date). This is called “annuitization.” The payment amount will be based on your annuity’s Accumulated Value and the Settlement Option you choose. You have different options available to you depending on whether you want to receive income for a set period of time, your lifetime, or the lifetimes of you and your Joint Annuitant.

It’s important to note that once you choose to annuitize, the payment schedule and the amount are fixed and can’t be altered.

Creating a legacy

Athene MYG annuities include a Death Benefit. It guarantees that your beneficiary will receive your annuity’s full Accumulated Value.

The Death Benefit will be paid as long as you haven’t annuitized your contract. After annuitization, payment will be made consistent with the settlement option you chose.

Product guarantees are backed by the financial strength and claims-paying ability of Athene Annuity & Life Assurance Company of New York.

Additional information

Athene MYG annuities are designed to help meet your long-term accumulation and retirement needs. They include a Withdrawal Charge period. If you withdraw more money than the free amount allowed by your contract, or if you surrender your annuity before the Withdrawal Charge period ends, a Withdrawal Charge will be applied.¹
