| Guaranteed Minimum Death Benefit | <p>Optional Death Benefit Rider offers a potentially greater benefit upon the death of the first owner or last annuitant's death than the standard death benefit that would ordinarily be paid under the annuity. Guaranteed Minimum Death Benefit payable is equal to Premiums Paid, in addition to a guaranteed 2.0% annual increase on Death Benefit Base over 20-year accumulation period or to age 85, whichever is earlier. The annual increase on the Death Benefit Base may be increased via a 'Stacking Roll-Up,' which adds together the gain on the contract each year with the guaranteed 2.0% annual rollup.</p> <p>(i.e. 3.5% indexed interest earned + 2.0% guaranteed rollup = 5.5% total rollup). The rider charge is guaranteed for the life of the contract. Rider must be elected at issue (or within 60 days thereof) and cannot be terminated once elected.</p> |
